The figure shows a detailed architectural floor plan of a building. At the top, there is a horizontal dimension line indicating widths of 4' 3 1/2", 4', 3' 8", 10", and an average width of 3'. The plan includes various rooms, windows, and door locations. A vertical cross-section labeled 'A-A' is provided on the right side, showing a wall thickness of 3 1/2" and a concrete foundation thickness of 12". Handwritten calculations at the bottom right indicate a total height of 360 inches and a ratio of 14/26.
